**General Manager**  
**Nandana Thennakoon**

**Eng. Gamini D. Nanayakkara**  
**Consultant**

B.Tech(Eng), FTC(UK), MIEE(UK) C.Eng(UK)  
MIEEE(USA), MIIE(SL), C.Eng (SL)  
Consultant Engineer/Lecture

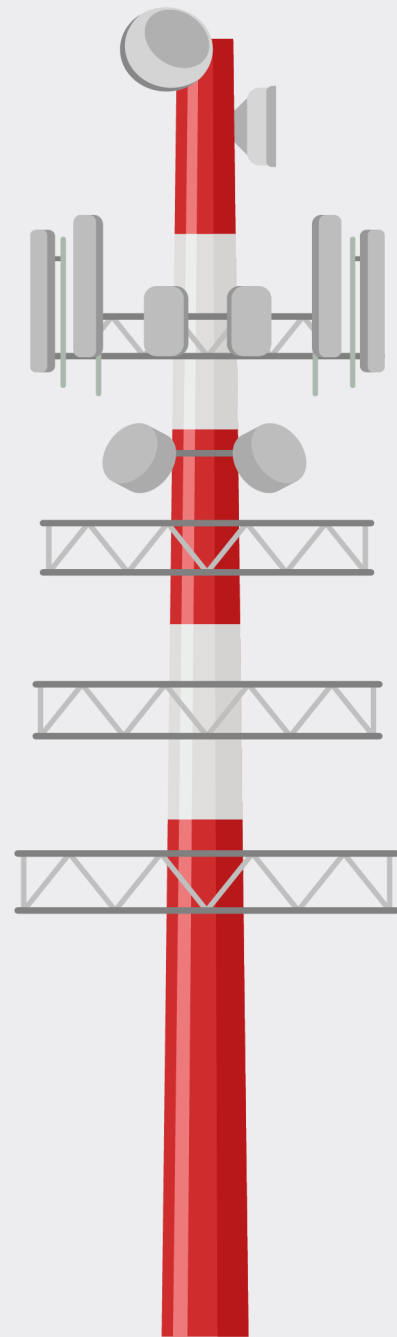

**Haritha Lakshan**  
**Implementation Manager**

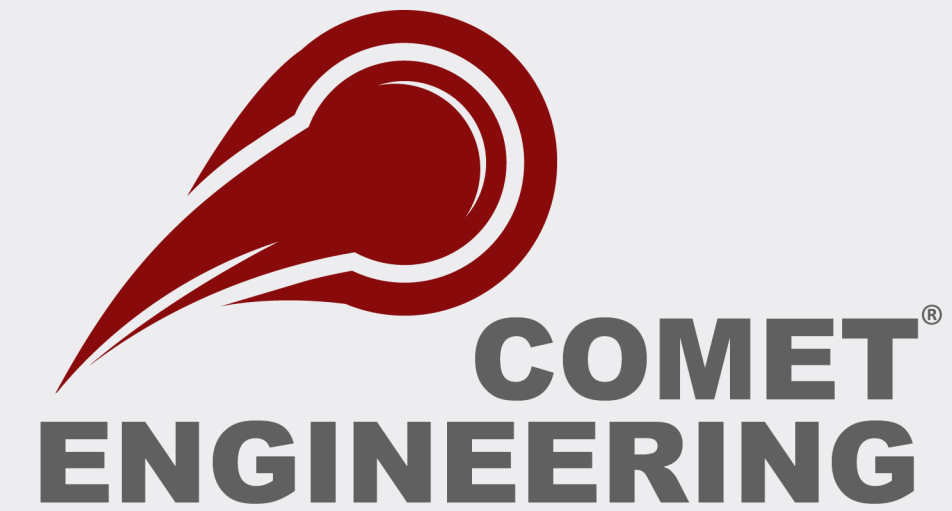

The Department of Mechanical and  
Manufacturing Technology. Bachelor of Engineering  
Technology Honours (BETHons),  
Wayamba University of Sri Lanka, (Kuliyapitiya).

# OUR SERVICES

**Telecommunication  
Solutions**

**Electrical  
Services**

**Lightning  
Protection  
System**

**Solar & Renewable  
Energy Solutions**

# Telecommunication Solutions

One of our core service areas is Telecommunication. In today's fast-paced digital world, robust and reliable telecommunication infrastructure is crucial for seamless communication and connectivity. Comet Engineering specializes in the installation, configuration, and maintenance of telecommunication equipment. Whether it's setting up communication towers, optimizing network coverage, or ensuring efficient data transmission, we have the knowledge and expertise to meet the demands of the telecommunication industry.

## Tower

- Tower designing/ Erection and repair maintenance
- Infrastructure Development
- BTS/ Microwave Implementation
- BTS Relocation
- (LPS) Lightning Protection System Implements

# Electrical Services:

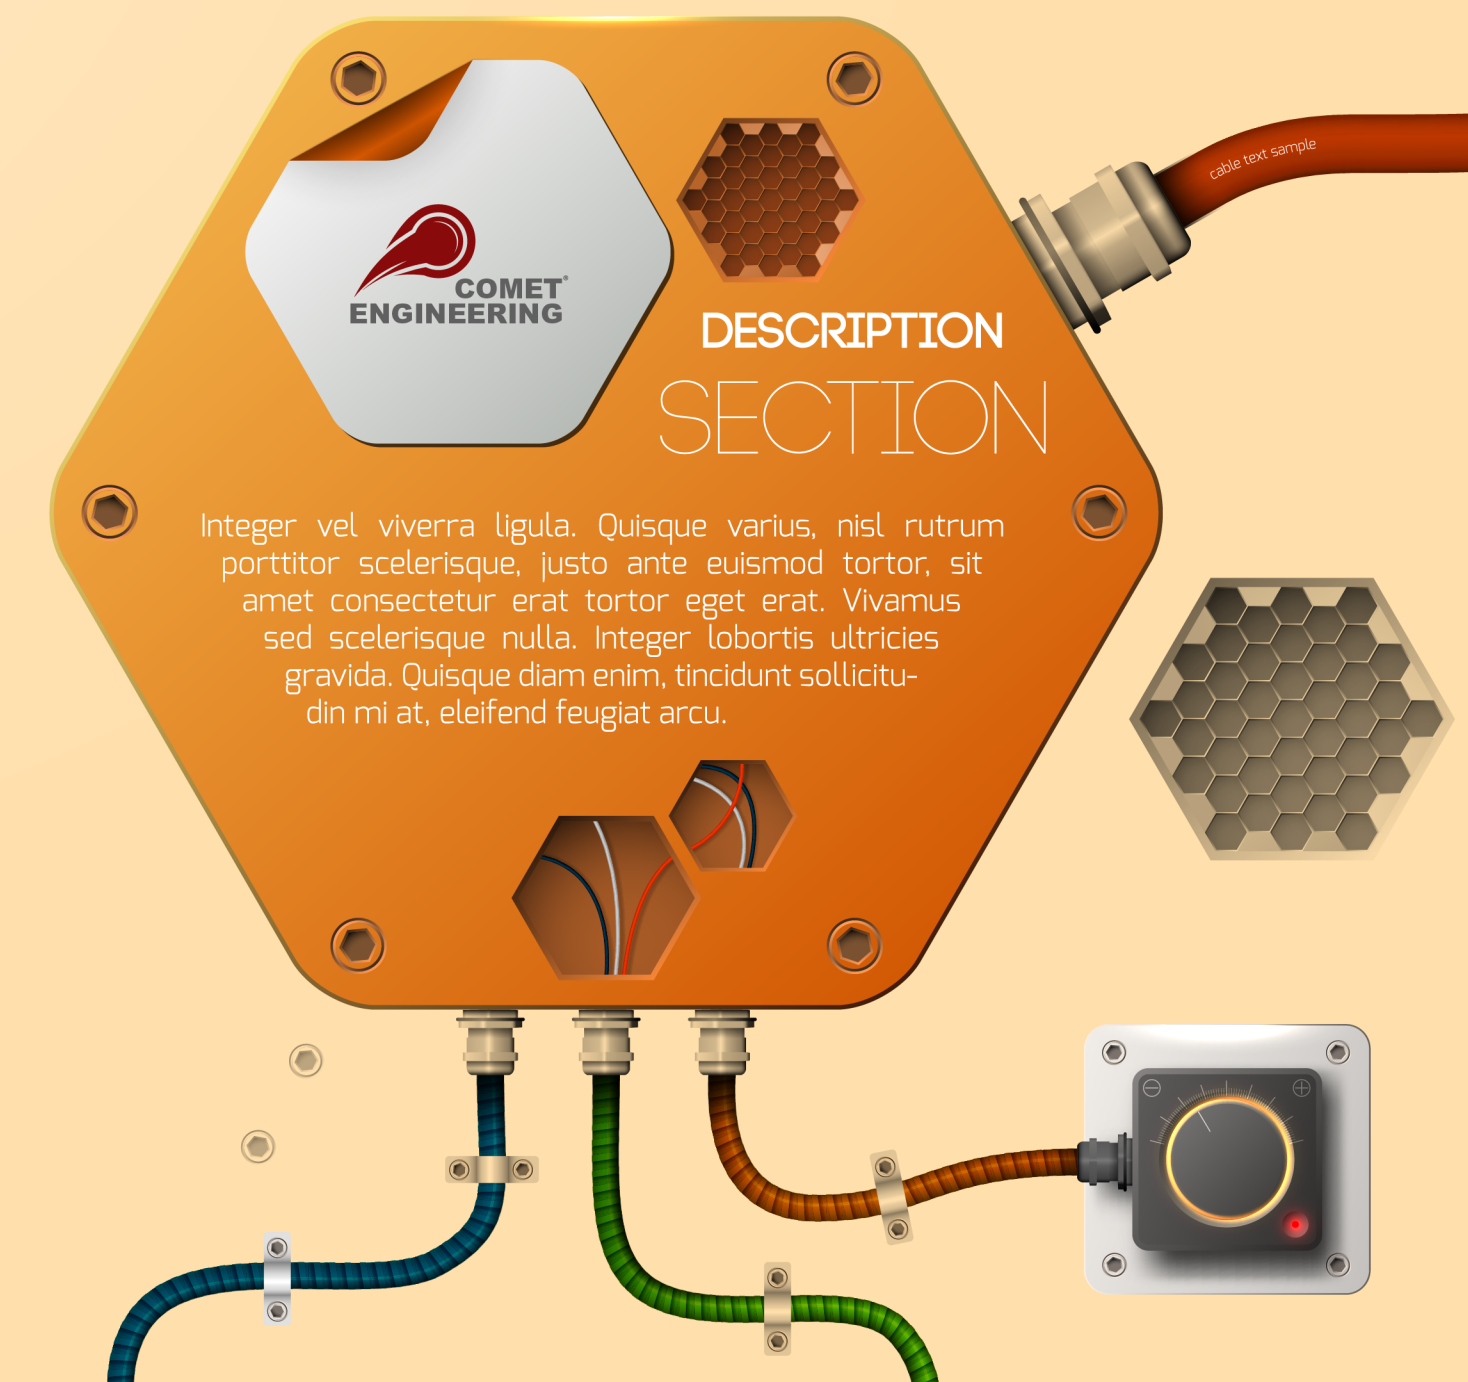

Comet Engineering is a leading provider of comprehensive electrical services. We offer design and supply solutions for electrical systems across various voltage levels, including Low, High, and Extra Low Voltage applications. Our team of experienced engineers collaborates closely with clients to understand their specific requirements and deliver customized electrical solutions. From industrial complexes to residential buildings, we design and implement efficient and sustainable electrical systems that prioritize safety, reliability and energy efficiency.

## Generator Installation

- Full Power line installation and Commissioning Generators (All kind of Generators)
- ATS (Auto Transfer Switch) Installation (5kVA up to 2000kVA)
- Generator Service and Maintenance

- Building Electrical Works (Large scale – small scale)
- 1 phase house wiring
- Including all the electrical works.
- 3 phase house wiring including all the electrical works.

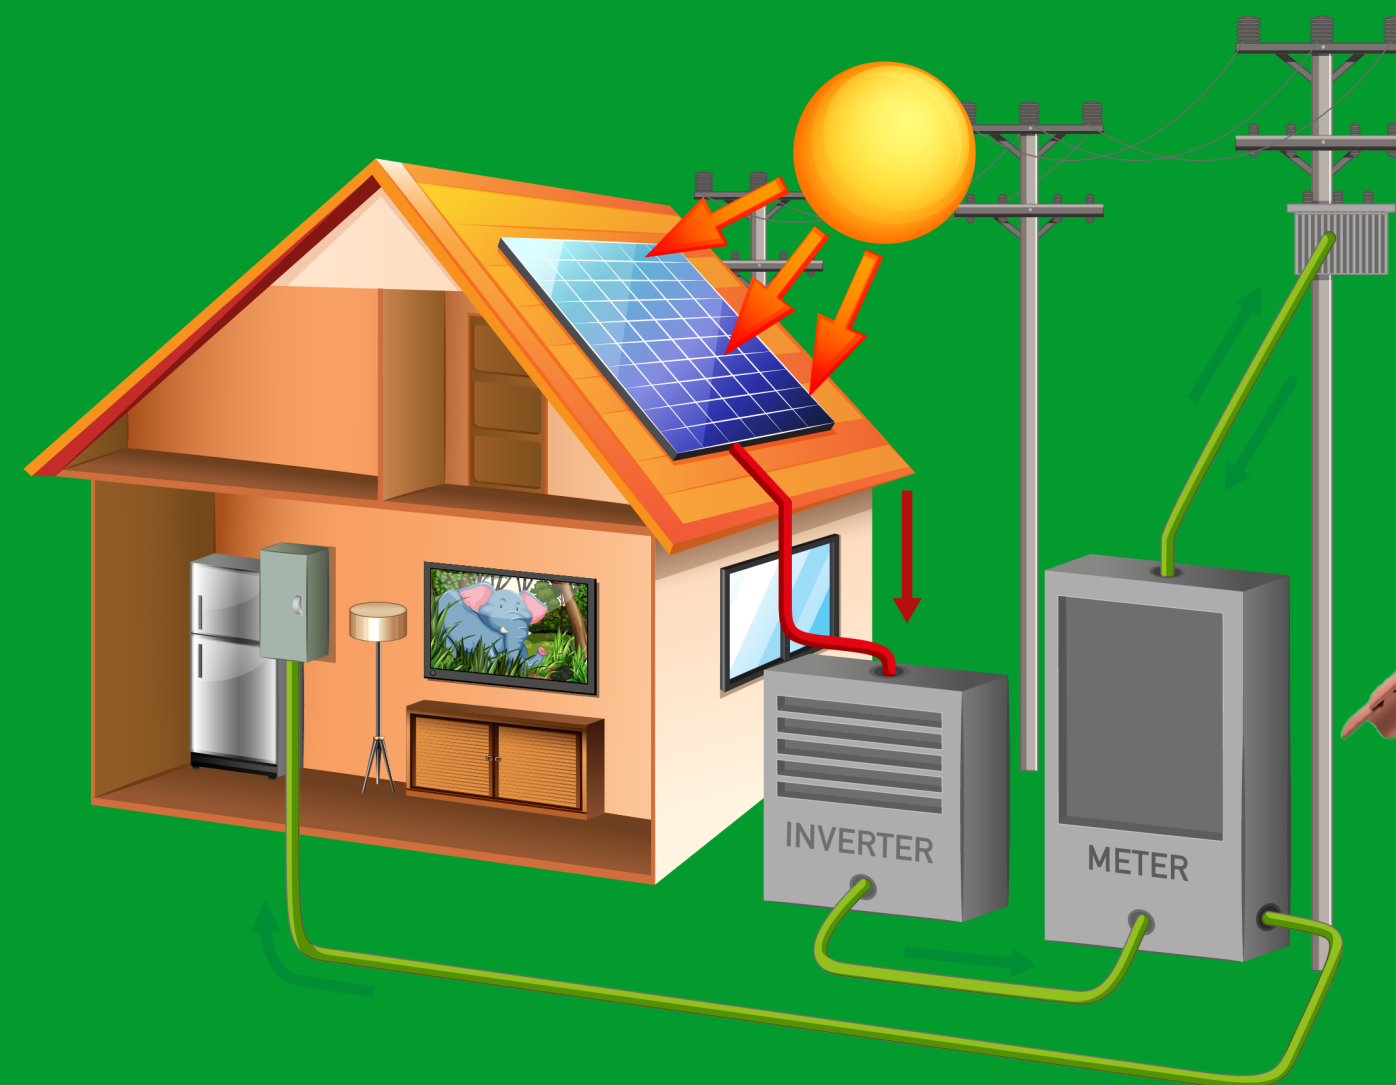

# Renewable Energy

As part of our commitment to sustainable practices, Comet Engineering offers solar solutions to harness the power of renewable energy. We design and install solar energy systems that enable our clients to reduce their dependence on traditional energy sources and lower their carbon footprint. Our team conducts thorough site assessments, designs optimal solar configurations, and ensures seamless integration of solar panels into existing infrastructures. By embracing solar energy, we help our clients save costs, mitigate environmental impact & contribute to a greener future.

Sri Lanka Sustainable Energy Authority  
(SLSEA) Registered Company

# Lightning Protection System

Comet Engineering recognizes the importance of protecting valuable assets and ensuring the safety of personnel in the face of unpredictable electrical disturbances. We specialize in the design, installation, and maintenance of Lightning Protection Systems. Collaborating with world-renowned brands, we employ state-of-the-art technologies and techniques to safeguard structures and equipment from lightning strikes and electrical surges. Our comprehensive approach includes risk assessment, system design, installation, and ongoing maintenance, providing our clients with peace of mind and protection against potential damage and downtime.

- Lightning Protection Systems (Surge Protection)
- ESE (Early Stream Emission) Supply and Installation
- Solid copper vertical multi point air terminal (Franklin Type) supply
- Industrial wiring and Panel Board preparation and Installation
- Under ground and overhead Power Cable Laying and Termination
- Chartered certification of all kinds of electrical work

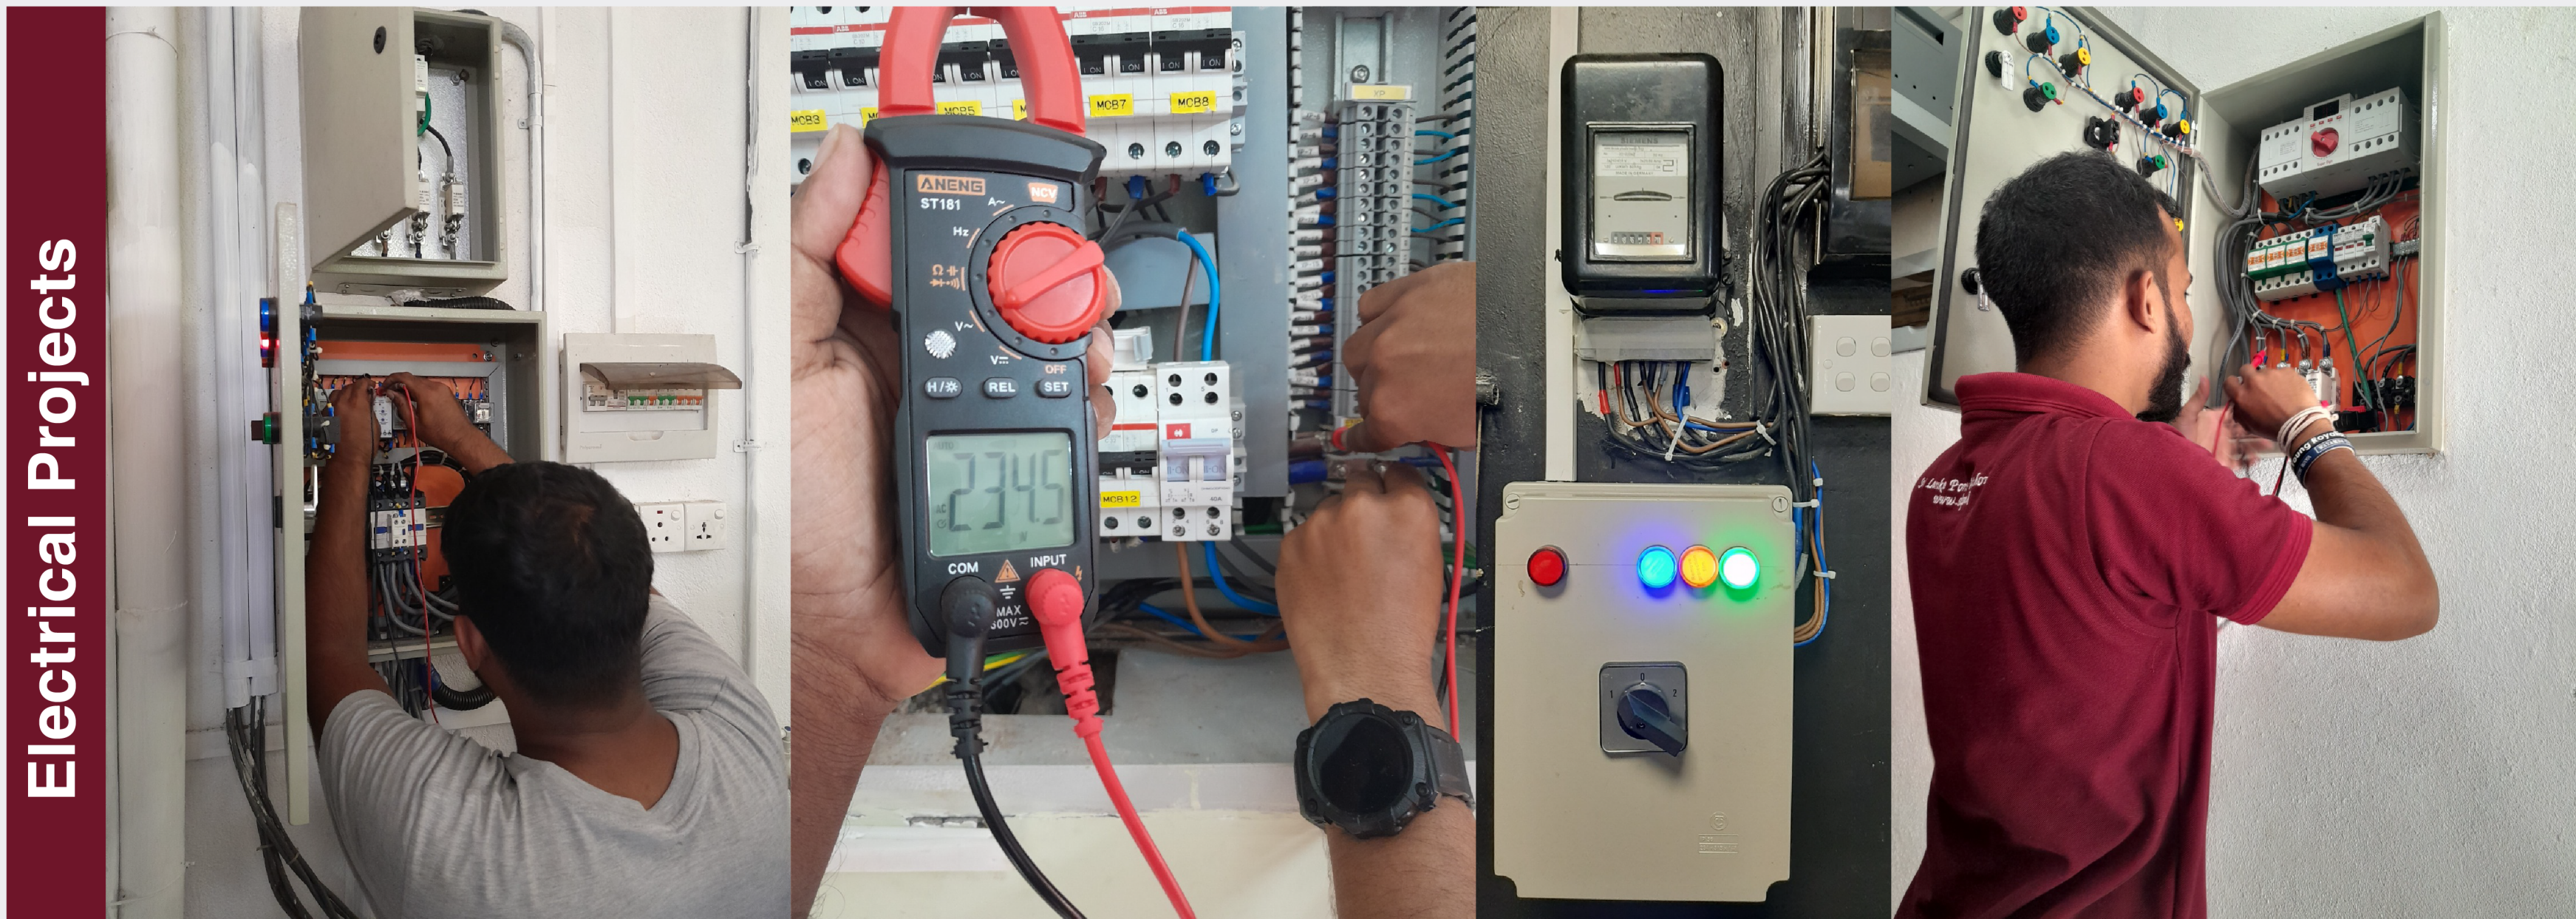

# PROJECTS

**BTS Relocation**

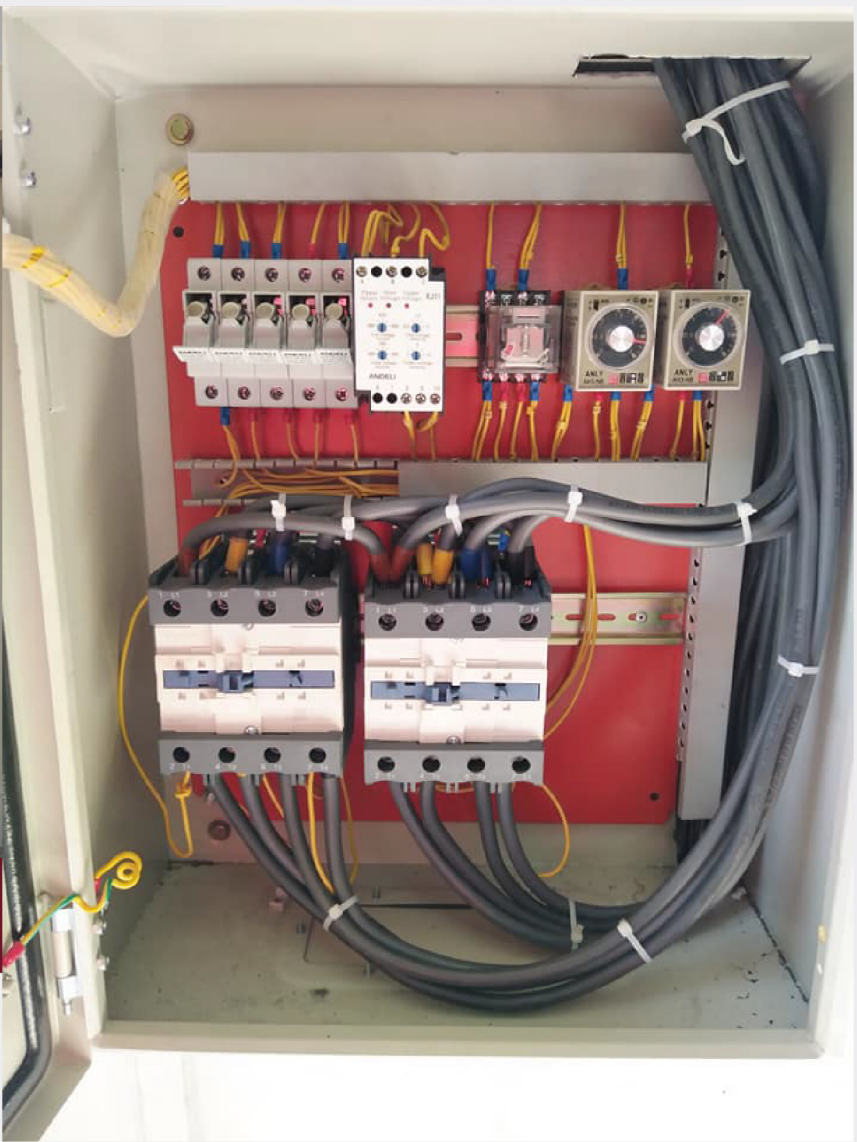

**CCTV Installation - CEB**

Electrical low Voltage

Generator installation

Electrical low Voltage

Lighting Protection

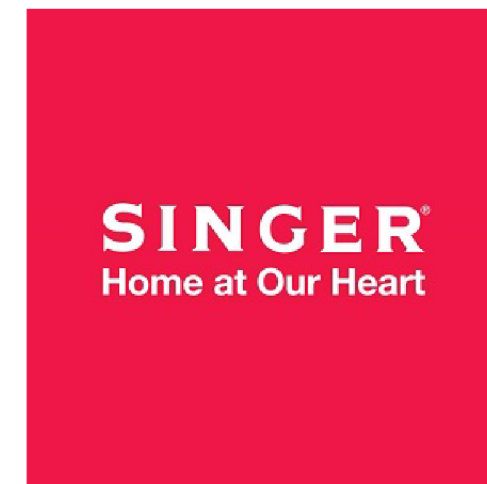

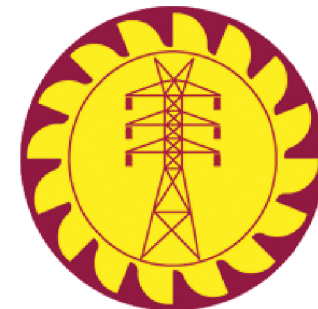

Solar Pannel

Electrical low Voltage

# TESTOMONIALS

"It's great to hear that you've had such a positive experience with this company's products and services over the years. Quality and customer service are two key factors that can make a big difference in a customer's overall satisfaction with a company, and it sounds like this company has excelled in both areas. Building strong relationships with customers by going above and beyond to meet their needs is an important aspect of building a successful business. It's always reassuring to know that you can count on a company that values its customers and takes pride in the quality of its products and services"

**Mr. Thisara Perera**  
**Former Sri Lankan Cricketer**

"Since 2018, Mr. Dhrashaka Bandara (Proprietor of Comet Engineering Pvt. Ltd.) is providing professional engineering services to our Company as well as our subsidiaries. He is one of the best passionate and wonderful personal I have met in my carrier. Finding and partnering with responsive, dedicated and client-conscious professionals is critical to bringing "true" value to a project. Comet Engineering delivers these expectations in a professional manner that creates a relationship rather than a business atmosphere."

Dear Mr. Dharshaka Bandara, I wish you all the very best for your future endeavours.

**Mr. P. Donald Diloshan**  
**Electrical Engineer - Group Maintenance Division**  
**THE CAPITAL MAHARAJA ORGANISATION LIMITED**

# TESTOMONIALS

"I recently had an issue with a product I purchased from this company, and their customer service team was incredibly helpful and responsive. They quickly resolved the issue and made sure I was completely satisfied with the outcome."

**Mr.Manjula Madushanka Manager - sales ( Generator division)**  
**Laughfs International Pvt.Ltd**

"I was hesitant to try this company's products/services at first, but after reading so many positive reviews, I decided to give them a chance. I'm so glad I did! Their products/services exceeded my expectations and I will definitely be a returning customer."

**Mr.Tharindu Rathnasinghe**  
**Head of Site Aquasition & Civil Implementation, Barati Airtel Lanka Pvt.Ltd**

"I've worked with many companies in this industry over the years, and this one stands out as the best. Their attention to detail, professionalism, and expertise are unmatched."

**Mr.Srinatha Amarasinghe, Senior Excecutive - Mobitel Pvt. Ltd**

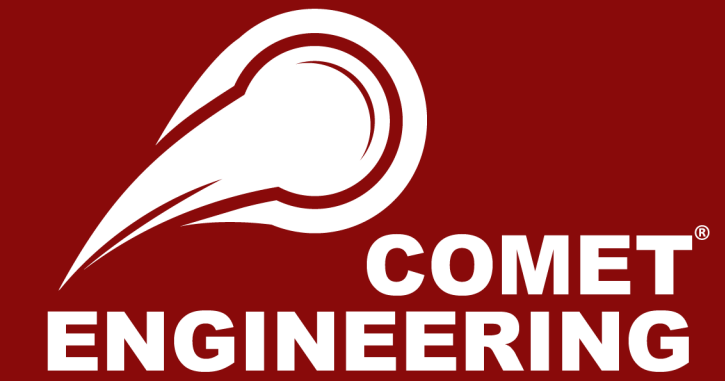

"I recommend this company to anyone looking for high-quality products/services and exceptional customer service. They truly care about their customers and it shows in everything they do."

**Mr.Athula Athukorala**  
**General Manager- civil implementation & network development - Hutchison Telecommunications Lanka Pvt.Ltd**
