## Our Pricing

Our hourly & Monthly rate is a fixed price covering all drawing disciplines. Please email us for this rate. Each package is priced upon the number of man hours required to complete. Initially, Clients will send a package and we will issue a price quote by email within 1 day. We then proceed with the drawings upon approval of the quotation.

When a working relationship has been established, our Clients are happy for us to proceed with drawings immediately, prior to receiving a price quote. This allows us to complete drawings within 24 hours in order to meet tight deadlines. The quote will be sent with the completed drawings the next day
